MAKE 24 MILE HIKE WITH STOMACHS EMPTY

Jim St. Charles, Charles Maddox, Bill St. Charles and Bill Harris gave their friends and relatives a scare when they failed to return Sunday night from a trip to Red Gap. Monday night it was found that they had run out of oil owing to a defect in the oil feed and two of the boys, Jim St. Charles and Charles Maddox had hiked to Chloride a distance of 24 miles, arriving there Monday at 4 o'clock. These boys had nothing to eat from the time they left Kingman until they reached Chloride and were consequently hungry. Harris and Bill St. Charles who stayed at Red Gap, found some rice and beans which helped some.

SURVEYING PROPERTY IN THE KATHERINE SECTION

Al Nance, of Colorado Springs, is in Kingman looking after his mining interests in the Union Pass section. His property lies contiguous to the Sheeptrail group and it is his intention to have it surveyed on account of the encroachment upon it of other claims. L. H. Foster will go to the mines soon and make the preliminary survey and stake the claims plainly, so that all who wish may know the boundaries.

Shortly after the first of the year it is Mr. Nance's intention to begin the sinking of a shaft on the property and continue the work to depth. The property is said to show excellent values in the outcrop and in the various openings that have been made in the veins the past several years.

The men have been in ownership of the property the past several years, but have done no systematic mining until the past few months, when they concluded to do assessment work. The gentlemen own a large acreage of mining property in the district.

RECITAL GIVEN BY LOCAL ARTIST HERE

Kingman music lovers were given the opportunity last Tuesday evening of hearing some real music as played by a real artist. The recital was given under the auspices of the Thursday Afternoon Club at the American Legion Hall and the audience was comparatively a small one it was an appreciative one. Madeline Luper Gardiner, who, by the way is a Chloride girl, rendered a program of wonderful color. The first number was the "Sextette", played by the left hand alone, and left no doubt in the minds of the hearers of the ability of the artist. Mrs. Gardiner also rendered some of her own compositions which were replete with beautiful melody, her "Lullaby" was especially notable, being dedicated to her own wee son.

The ladies deserve much credit for obtaining the services of this talented pianist-composer and many expressed the hope of another opportunity to hear Mrs. Gardiner.

The recital was given as a means of providing funds for spreading Christmas cheer among the needy ones of Kingman and vicinity.

Anyone knowing where Fred Fern is located is requested to communicate with Carl Nachtrieb, Box 312, Las Vegas, Nevada. (Adv.)
